AAC 2023

AACHEN ACOUSTICS COLLOQUIUM

CALL FOR PAPERS

Development and Research in Automotive Acoustics

November 27 – 29, 2023

Aachen, Germany

Topics

Acoustics of Electric Drives and Hybrid Cars

Active Sound Design and Active Components

Drive Train Acoustics (Engine, Gearbox, Drive Shafts)

Infotainment in the Vehicle

Multi-Modality – Noise and Vibrations

Numerical Methods, Simulation, Virtual Reality

NVH Measurement, System-Analysis, Measurement Technology

Sound Quality, Trouble-Shooting, Sound Design

Vehicle Acoustics (Body, Mechatronic Components, Tire Road Noise)

Aachen is one of the most important centers for development and research in automotive acoustics. This year, the Aachen Acoustics Colloquium takes place for the 14th time.

At this event, experts from research and industry will share their know-ledge and discuss latest technologies in the fields of acoustics and vibration of vehicles and drives.

HIGHLIGHTS

- 200 international experts
- More than 20 presentations
- Play sound samples on stage
- Social Events
- Technical Exhibition

Please submit your abstract proposal to one of the topics above on our website. Please notice that only new and unpublished papers can be accepted. The conference language, including abstracts and presentations, is solely English.

IMPORTANT DATES:

- End of April, 2023: Deadline Submission of Abstracts
- End of May, 2023: Notification of Acceptance
- End of July, 2023: Mailing of the Program
- November 27– 29, 2023 Aachen Acoustics Colloquium**

REGISTRATION:

The registration fee of € 940 (plus 19% VAT) also includes a welcome reception on November, 27 and a banquet dinner on November, 28 in the historic Coronation Hall in Aachen City Hall. University staff receive a discount of 50%. The participation for speakers is free of charge.

EXHIBITION:

Become an exhibitor and book your completed high quality booth, including booth construction, furniture and access to the entire conference for one booth supervisor. Price of the exhibition booth is € 2.400 (plus 19% VAT).

We also offer the opportunity to place vehicles and prototypes as exhibits in front of the event location.
